## Notch Filter Specification

### Features:

- a) Low VSWR
- b) Low Insertion Loss
- c) High Performance

### Specifications

| Electrical     |                                                                                        |
|----------------|----------------------------------------------------------------------------------------|
| Part No.       | EWT-14-0040-R3                                                                         |
| Description    | Notch/Bandreject Filter                                                                |
| F0             | 902.4 MHz                                                                              |
| Notch Depth    | 40dB(Min.) @ F0+/-200KHz                                                               |
| Insertion Loss | 3dB(Max.)@30 ~880MHz &<br>915MHz~1.5 GHz<br>8dB(Max.)@ 890~893.4MHz &<br>908.4~915 MHz |
| Passband VSWR  | 2.0:1                                                                                  |
| Power Handling | 2W(Max.)                                                                               |
| Termination    | 50 Ohm                                                                                 |
| Connector      | SMA Female                                                                             |
| Mechanical     |                                                                                        |
| Approx. Size   | 10.0" x 5.0"x1.25"                                                                     |

## Test Report

EWT Part Number: EWT-14-0040-R3

Serial Number: J1

S.O. Number: 21775

Cust. Part Number: N/A

Technician: K. D. B.

Date: December 30, 2008

Form: 999-00049 Rev. 1

Q.C.
