

Part No. WPOS-TDR

Probe Positioner for TDR Probe (GSG, GS)

Features:

- Articulated and Flexible Joints
- Easy to control to X-, Y-, Z- direction using Arm Knob
- Stable test measurement

Mechanical Specification

Hole Diameter	6.0mm(with metal ring) 7.8mm(without metal ring)
Magnetic Base	50 x 65 x 55 mm
Base Plate	120 X 90mm Material: Steel
Weight(Total)	2145 g

Application

- RF & Microwave module signal insertion, detection & output measurement
- High frequency circuit board electrical performance analysis
- High speed digital circuit analysis

Outline

Unit:mm
